

# BEST VALUE STATEMENT 2016/17

## WHY DO WE HAVE THIS POLICY?

The governing body is accountable for the way in which the school's resources are allocated to meet the objectives set out in the school's development plan. Governors need to secure the best possible outcome for pupils, in the most efficient and effective way, at a reasonable cost. This will lead to continuous improvement in the school's achievements and services

## What Is Best Value?

Governors will apply the four principles of **best value**:

- ❖ **Challenge** - Is the school's performance high enough? Why and how is a service provided? Do we still need it? Can it be delivered differently? What do parents/carers want?
- ❖ **Compare** - How does the school's pupil performance and financial performance compare with all schools/colleges? How does it compare with LA schools/colleges? How does it compare with similar schools?
- ❖ **Consult** - How does the school seek the views of stakeholders about the services the school provides?
- ❖ **Compete** - How does the school secure efficient and effective services? Are services of appropriate quality, economic?

## HOW DOES THE SCHOOL RESPOND?

The Governors and school leaders will apply the principles of *best value* when making decisions about:

- ❖ the allocation of resources to best promote the aims and values of the school;
- ❖ the targeting of resources to best improve standards and the quality of provision;
- ❖ the use of resources to best support the various educational needs of all pupils.

Governors, and the school managers, will:

- ❖ make comparisons with other/similar schools using data provided by the LA and the Government, e.g. quality of teaching & learning, levels of expenditure, Raiseonline, Ofsted reports, benchmarking exercises;
- ❖ challenge proposals, examining them for effectiveness, efficiency, and cost, e.g. setting of annual pupil achievement targets, staffing levels, allocation of BSM;
- ❖ require suppliers to compete on grounds of cost, and quality/suitability of services/products/backup, e.g. provision of computer suite, redecoration, maintenance;
- ❖ consult individuals and organisations on quality/suitability of service provided to parents and pupils, and services received from providers, e.g. Sex and Relationships Education, pupil reports, School Improvement Partner, Ofsted, maintenance consultant.

This will apply in particular to:

- ❖ staffing
- ❖ use of the school premises
- ❖ use of resources
- ❖ quality of teaching
- ❖ quality of learning
- ❖ purchasing
- ❖ pupils' welfare
- ❖ health and safety

Governors and School Leaders:

- ❖ will not waste time and resources on investigating minor areas where few improvements can be achieved;
- ❖ will not waste time and resources to make minor savings in costs;
- ❖ will not waste time and resources by seeking tenders for minor supplies and services.

The pursuit of minor improvements or savings is not cost effective if the administration involves substantial time or costs. Time wasted on minor improvements or savings can also distract leadership from more important or valuable areas.
